

# COVID-19 and Attendance from 11 January 2022

**Self isolation** is 10 days but students may take LFT tests on days **6** and **7** of their self-isolation period – tests to be taken 24 hours apart. Students who receive two negative test results, **and do not have a high temperature**, may return to school from day 7 after the second negative result.

Any unvaccinated adults in the household should self-isolate for 10 days. Fully vaccinated adults and those under 18 years old do not need to self-isolate but should take daily Lateral Flow Tests.
