

# ASHLYNS SCHOOL

June 2023

Dear Parent/Carer

## **Parent/Carer Survey**

As part of our continuous drive for school improvement and our school improvement planning process, we gather the views of our stakeholders through an annual survey; this informs our school improvement planning going forward. Last year, for example, and as detailed in my previous communication, your feedback helped to inform some of our work on extracurricular clubs and activities, trips, school corridor congestion, and assessment in KS3. This is in addition to the valuable feedback we received on a termly basis from our Parent Forum, and we are very grateful to the members of Parent Forum who have given up their time to provide feedback for us on a number of different areas, including, amongst others, our values and character programme, our careers programme, and the work we do relating to harmful sexualised behaviours.

The link to this year's parent/carers survey is below, and we would very much appreciate you sparing the time to complete it.

If your child is in Year 11 or Year 13 some of the questions may need to be considered retrospectively, but we are very grateful for your views as your child completes such an important stage of their education and after the time they have spent at Ashlyns.

Please do note that the survey is for strategic planning purposes; if you have individual concerns or queries relating to specific incidents you will need to raise them in the usual way via the central admin email address, for the attention of the relevant member of staff.

If you are the parent of more than one child at the school, it is only necessary to complete it once, unless you want to fill it in separately for your experience with each child.

You can find the survey here: [Parent/Carer Survey](#)

Thank you for taking the time to complete the survey.

Yours sincerely

Mrs R Kingston  
Deputy Headteacher
