

CEIAG Programme 2023/24 Raising Aspirations for All

Aim:

At Ashlyns we believe that every child should leave school prepared for life in modern Britain. This means ensuring academic rigour supported by excellent teaching, and developing in every young person the values, skills and behaviours they need to get on in life. All students should receive a rich provision of classroom and extra-curricular activities that develop a range of character attributes, such as resilience and grit, which underpin success in education and employment. High quality, independent careers guidance is also crucial in helping pupils emerge from school more fully rounded and ready for the world of work. Young people want and need to be well-informed when making subject and career decisions particularly at points of transition.
